PROJECTS

Personal Portfolio Website | HTML5, CSS3

- Designed and developed a fully responsive, multi-page portfolio website showcasing professional profile, skills, and projects using semantic HTML5 and modern CSS3 features including CSS Variables, Grid, and Flexbox.
- Implemented smooth scroll animations, mobile-responsive navigation, and cross-browser compatibility.
- Optimized for performance, accessibility (ARIA labels), and SEO best practices.

Product Landing Page | HTML, CSS

- Built a conversion-focused landing page with modern UI/UX design principles and smooth CSS animations.
- Implemented responsive design ensuring optimal viewing experience across desktop, tablet, and mobile devices.
- Created compelling call-to-action elements and user engagement features.

Restaurant Website | HTML, CSS

- Developed a fully functional restaurant website focused on enhancing the customer experience
- implemented modern UI/UX design principles, intuitive navigation, menu presentation, and online reservation functionality to improve customer engagement and strengthen the restaurant's digital presence.

Digital Agency Website | HTML, CSS

- Built a professional digital agency website focused on increasing brand visibility and attracting potential clients.
- Implemented responsive layouts, modern UI/UX practices, and interactive features to deliver a seamless user experience.
