PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Full-Stack Developer with a strong foundation in HTML5, CSS3, JavaScript, and modern web development practices. Passionate about creating responsive, user-friendly web applications and committed to continuous learning. Demonstrated ability to build projects from concept to completion using clean, maintainable code. Seeking opportunities to contribute to innovative development teams while expanding technical expertise.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), Responsive Design, Flexbox, CSS Grid
CSS Frameworks:	Tailwind CSS, Bootstrap
Version Control:	Git, GitHub
Tools:	Visual Studio Code, Chrome DevTools, Figma (basic)
Soft Skills:	Problem Solving, Communication, Time Management, Team Collaboration

PROJECTS

Personal Portfolio Website | HTML5, CSS3, JavaScript

- Designed and developed a fully responsive, multi-page portfolio website showcasing professional profile, skills, and projects using semantic HTML5 and modern CSS3 features including CSS Variables, Grid, and Flexbox.
- Implemented smooth scroll animations, mobile-responsive navigation, and cross-browser compatibility.
- Optimized for performance, accessibility (ARIA labels), and SEO best practices.

Product Landing Page | HTML, CSS, JavaScript

- Built a conversion-focused landing page with modern UI/UX design principles and smooth CSS animations.
- Implemented responsive design ensuring optimal viewing experience across desktop, tablet, and mobile devices.
- Created compelling call-to-action elements and user engagement features.

Web Calculator Application | HTML, CSS, JavaScript

- Developed a fully functional calculator supporting basic arithmetic operations with clean, intuitive UI.
- Implemented keyboard input support and handled edge cases including division by zero and floating-point precision.
- Utilized DOM manipulation and event handling to create smooth user interactions.

To-Do List Application | HTML, CSS, JavaScript, LocalStorage

- Created a task management tool with full CRUD operations (Create, Read, Update, Delete).
- Implemented LocalStorage for data persistence across browser sessions.
- Designed user-friendly interface with intuitive task completion and filtering features.
